The gross production plan for cement was fulfilled prematurely. By the afternoon of 29 December 1955, 1,000 tons of cement exceeding the plan had been produced.

50X1-HUM

Comment. In 1955, 2,970,000 tons of cement were produced in the GDR. The above-mentioned plan fulfilment concerns only the target fixed in the 1955 national economy plan which, compared to the 1955 target plan of 4,070,000 tons contained in the first 5-year plan, was considerably reduced.
